Loan Process

Here's what to expect on your Farm Loan journey.

Partner With A Loan Officer

Service Center employees are here to assist you throughout your loan journey.

Loan Officers will:

- Assist you during the entire loan process.
- Provide supervision throughout the life of the loan.
- Give feedback and suggestions on your business operating plan.
- Work with you to develop opportunities to build your business and move on to a traditional form of credit.
- Work with you in person, via email, and on the phone.

Are you ready to connect with a Loan Officer?

Follow These Steps:

1

Find your local Service Center online at: <https://www.farmers.gov/service-locator> or contact an agriculture representative to find out where a Service Center is located.

Call before visiting a Service Center. If the Service Center you call does not have Farm Loan Programs employees, you will be directed to a Service Center that does.

2

Call to schedule an appointment with a Loan Officer at a Service Center. (Walk-ins are welcome, but Loan Officers may be unavailable at that time.)

Direct Farm Loans

Farm Loan Programs offer access to funding for a wide range of farmer and rancher needs, from purchasing land to buying equipment and/or livestock.

All FSA Direct Farm Loans are funded and serviced by the FSA through local Loan Officers. The funding comes from congressional appropriations as part of the USDA budget. Interest rates are calculated monthly and are posted on the 1st of each month; view them here: <https://www.fsa.usda.gov/farmloans>.

Loan Limitations

Funds cannot be used to finance exotic birds, tropical fish, dogs, or horses used for racing, pleasure, show, and boarding or any other enterprises not typically associated with human consumption, fiber or draft use.
